RESUMÉ

PERSONALIA

Name	Ramsukul
Firstnames	Vishwadath Kishan
Date of Birth	15 december 1985
Place of Birth	Nieuw-Nickerie

CONTACT INFORMATION

Address	Lemmetjestraat 33
Neighbourhood	Clevia
District	Paramaribo
Mobile	(597)8512909
Email	kishan@ramsukul
Website	www.ramsukul.com

WORK HISTORY

STRONGBOW TELECOMMUNICATIONS N.V.

Period	2007 – 2010
Position	Systems & Project Administrator
Projects	**Radha.nl – web development**

Radha.nl – web development
Redesign of the popular dating website Radha.nl. Complete with new functionalities. Web Development in PHP and ASP.

FunTV
Live TV Game Show which was broadcast live on several local TV channels. Participants could take part in the quiz by SMS to a premium number. The director selected the winners from a web-based interface. Front-end set with flash and actionscript, back end with Apache, MySQL on a self set up Windows-based server. SMS section SMS Studio with custom python scripts and SMTP routing from the providers.

EasySMS
I participated as a part-time director. Same principle as Fun TV, game already existed. Back-end and SMS system set up by me.

SMS Chats
Live SMS Chat system for several TV Channels in Suriname

CallFactory Suriname
Established an entire call center, both hardware, infrastructure and software section. Development of various project-based call center software with Skype and VoIP integration. Some features of the entire system: Data entry per call, various status codes per call, Supervisor

tools, Statistics per agent / project / time interval / group, agent performance, Management Reports, Call scheduler, user logon system, central call recording & storage system etc.

Digicel Mobile Content Service
Developed a system for selling rich media content for mobile phone users of the Digicel network. Complete system with handset recognition, support and WAP push functionality. This was the first rich media content application in Suriname. Later a similar system was set up for Telesur customers. Methods and techniques used: Unix based server, MySQL, PHP

Other Projects
Not all projects can be included here. For the large part of projects that made use of ASP, PHP, Python, MySQL, MSSQL, Apache, Linux, Microsoft Server and SMS Studio

NATIONAAL ARCHIEF SURINAME

Period	2010 – 2012
Position	Software/Database Developer

Projects   **Visitors Registration Software**
The National Archives Suriname receives many visitors daily. The management wanted to check statistics of visitors and most searched archives.

The NAS did not have a good web server and setting it up on a Windows-based server. Further project was completed using PHP with Apache Web server and MySQL database server.

Digital Archiving System
The National Archives has numerous ways to store digital archives, but missed a good database and storage system. Storage system is achieved with up to 4 NAS servers to ensure the best storage system. Digital Archive database (MySQL) was ready to be made available through a Web site, however, this project was stopped by the government.

Warehouse Administration System
To save costs to manage the warehouse, I set up a complete warehouse management system using PHP / MySQL on the aforementioned server.

HRM Systeem
Complete HRM system for the Nationaal Archief Suriname. PHP/MySQL project.

INTERNATIONAL EXPERIENCE

YOUNG LEADERS OF THE AMERICAS INITIATIVE (YLAI) FELLOWSHIP PROGRAM
Cohort   2017
About   YLAI was initiated in 2015 by president Barrack Obama to bring young leaders of Latin America
                      and the Caribbean together in a fellowship program to sharpen their leadership and
                      entrepreneurial skills. Every year 250 people out of 7000+ applicants are selected to participate
in
                      this fellowship program. YLAI is considered the best exchange program in the western
                      hemisphere.
Locations   Atlanta, GA (Opening sessions) - Huntsville, AL (Fellowship) - Washington, DC (Closing sessions)

Awards   **Honorable Citizen of Huntsville, Alabama**
For the work done by Kishan Ramsukul at Education TV and the Huntsville City Schools he got selected by the Mayor of Huntsville, AL as an honorable citizen.

3 Day Startup - Entrepreneurship Ecosystems Everywhere Initiative

Period   December 2019
About   The Entrepreneurship Ecosystems Everywhere Initiative (EEE Initiative) is a 3-day in-person "Training-of-the-Trainers" engagement. This initiative consists of an in-person ecosystem development training that will teach you how to be an educational ambassador for aspiring entrepreneurs and business stakeholders, as well as provide a small grants opportunity for participants to implement their project plans in their home communities.
Location   Montego Bay, Jamaica

Lions Club International - Multiple District 60 Midyear Conference

Period   November 2018
About   Lions Club International Multiple District 60 is having 3 meetings annually. Kishan attended this meeting to represent his home club, Lions Club Kwatta, at the midyear conference. He participated in various workshops and training to be a better social leader.
Location   Port of Spain, Trinidad

International Exchange Alumni - US Department of State

Period   October 2017 - today
About   This site is for past and current participants of U.S. government-sponsored exchange programs to build on their exchange experiences, network with fellow alumni, find grants and funding opportunities, and participate in alumni-only competitions.
